# A mobile app designed for you.

Developed and powered by ABS, MobileOne is a fully integrated mobile application that helps you manage your day-to-day Sales and Warehouse operations.

Designed to optimize business activities, the mobile app significantly reduces operating costs while increasing productivity, quality and revenue through integrated supply chain technologies.

## What's available?

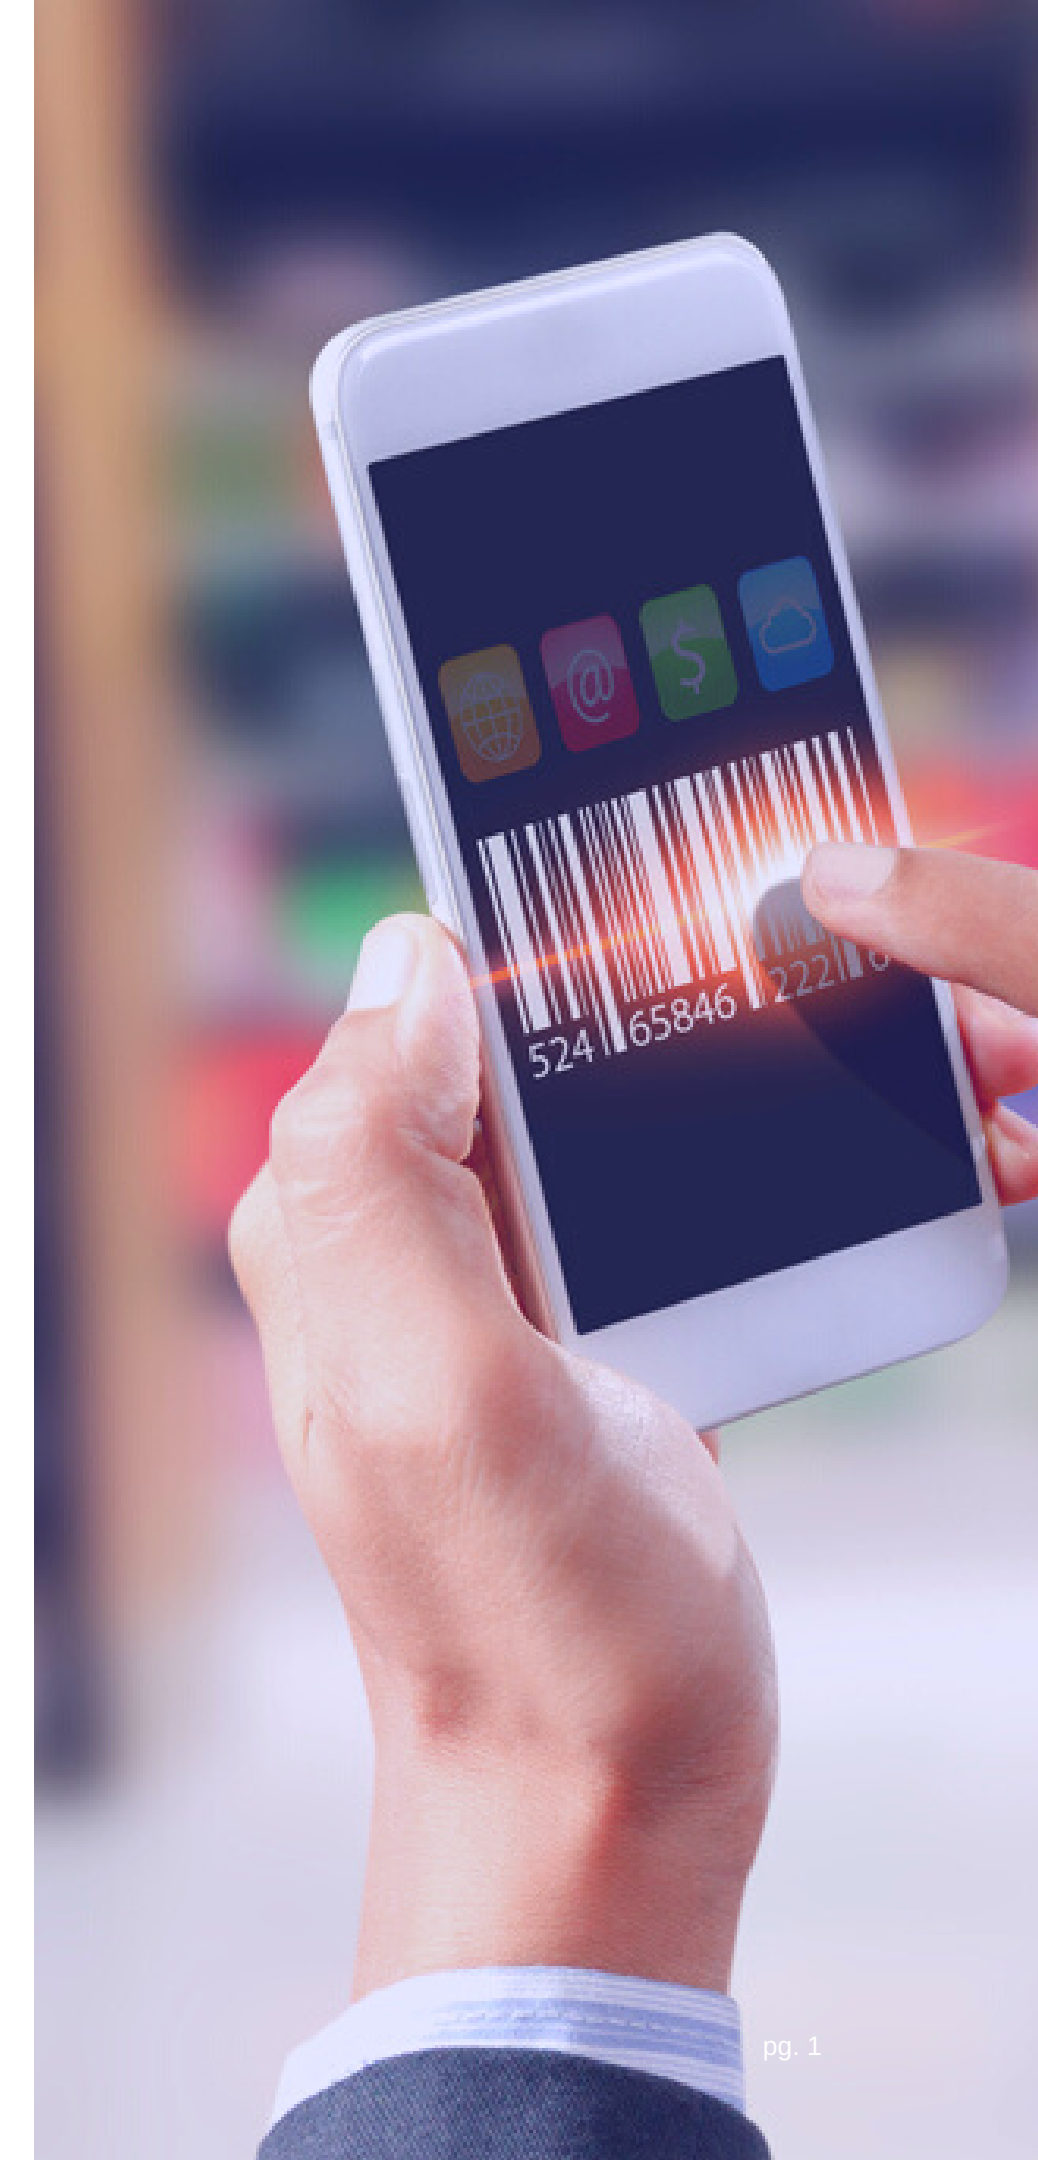

### Sales Services

Create Sales documents such as Sales Quotation, Sales Order, Sales Delivery, Sales Invoice and Sales Payment. Apply discounts to batches or individual items. Receive customer payments and select desired open invoice to close (cash or cheque).

### Warehouse Services

Create Warehouse documents such as Goods Receipt, Stock Transfer, Stock Transfer Request and Stock Counting. Scan bar codes or search product by name to view and edit stock quantities.
